What Is The Chamber of Commerce?

We are a voluntary organization of business people who strive to advance the commercial and industrial interest of the communities we serve. We provide the forum and mechanism that enables business people to accomplish collectively what they could not achieve individually.

Since its founding in 1994, the Suffield Chamber of Commerce has been dedicated to promoting economic and community development within the region by offering networking opportunities, educational seminars and special programs to its members.

Business After Hours

Business After Hours is a Chamber program developed to help businesses get to know each other. Business After Hours provides an opportunity for businesses to introduce their products and services in an enjoyable atmosphere. Receptions are held every 2nd Thursday of each month and hosted by a Chamber member at his/her place of business. Please contact the Suffield Chamber to set up your Business After Hours at (860) 668-4848.

Business Breakfast Series

Our Breakfast Series offers various seminars and speakers to help our members improve their business. The Business Breakfast Series is held at the Suffield Academy in Brewster Hall. For additional information, please call the Suffield Chamber at (860) 668-4848.

Our Non-Profit Initiative

The Suffield Chamber seeks non-profit organizations as active members. Membership affords non-profits the opportunity to reach a wider audience thus broadening their base of volunteer and financial support. Non-profits contribute to the cultural fabric and character of our community and enhance the economic climate in which we do business.

The Chamber contributes the proceeds of its annual fund-raising events to scholarships and local non-profits in support of their missions to benefit the Town of Suffield and its residents. Call the Suffield Chamber at (860) 668-4848 for more information.
